Deficiency in rainfall since first of month—0.12 inches.
Accumulated deficiency in rainfall since January 1—3.90 inches.
L. N. JESUNOFKY,
Section Director.

STORED WATER SUPPLY
The elevation of water above Roosevelt dam yesterday was 60.75 feet, indicating a stored supply of 20,962 acre feet. At Granite Reef the normal flow of the Salt and Verde rivers was 16,882 miners' inches, while the flow of the Salt at the Joint Head was 2260 inches. On the north side 14,225 inches was used yesterday for irrigation purposes, while 10,617 inches were used on the south side. The schedule of water delivery for today follows: Arizona, eight hours to quarter section; Grand-Appropriators, twelve hours; Maricopa, twelve hours; Salt, dry.

OF LOCAL INTEREST

A NEWSPAPER CHANGE—R. M. Dawson, who has been editorial and political writer for the Arizona Gazette for the past year, will leave tonight for Globe where he has taken a position on the Silver-Belt. Mr. Dawson who is an excellent newspaper man was connected with the Republican until two years ago. He has been a resident of the city for seven years.

ENTHUSIASTIC OVER VALLEY—After a stay of two weeks in Phoenix and the Salt River Valley, E. C. Becker, traveling representative of the Gas Traction company of Detroit, left last night for Dallas, Texas. During the time he was here Mr. Becker became very much impressed with this section and just before he left he stated that at some future time he might return to live here. "At any rate I'll boost Phoenix, no matter where I go," he said.

EXCHANGE OF COURTESIES—Justice Johnstone yesterday provided Willie Bell with proper credentials for insuring him the hospitality of the county jail for the next sixty days. It was felt that this is no more than is due Willie for his hospitality a few nights ago toward a stranger whom he met without where to go and following the Biblical injunction "took him in." Willie had a room in the old Redlight block, now deserted by its former inhabitants. Meeting a stranger who said he had no room, Willie told him he would share his humble quarters with him, and did so until after he had robbed him. Then he kicked him out into a still more cold and unfriendly world.

REMARKABLE RUN—One of the most remarkable automobile runs ever made to Roosevelt was accomplished last Wednesday by an Overland car of the Pratt-Gilbert Co., driven by Charles E. McClucas. With four passengers the car made the trip to the dam in exactly four hours, which is just sixteen minutes more than the best previous record. The Overland took everything except Fish Creek hill on the high speed. The passengers in the machine, excepting Mr. McClucas, were Mr. and Mrs. Cyril Gilbert and Miss Mamie Rock. The start was made Wednesday morning at 8 o'clock and the trip was finished just at noon. There was no attempt to speed up on the return trip, which was made Thursday morning, but good time was made nevertheless, when stops that were made are taken into consideration. Mr. McClucas always had faith in the Overland but is now more enthusiastic than ever. He confessed frankly that he doubted whether the car was capable of the run he made, but it went through in great shape, with no trouble of any kind.

SEE THE LARGEST, PRETTIEST, CHEAPEST LOT OF

Navajo Blankets

ever brought to Phoenix
The McNeil Co.
Opposite Court House.

UNITARIAN—Unitarian services in K. of P. hall Sunday at 11 a. m. Subject: "Sketches from the Life of Julia Ward Howe." Everyone who is interested in the lives of America's great women will be welcome to this lecture.

BISHOP TO PREACH—The Rt. Rev. J. Mills Kendrick, Bishop of New Mexico and the retiring Bishop of Arizona, will preach at the morning service at Trinity church tomorrow, giving some of his impressions on the General Convention of the church, from which he has recently returned.

TO HOLD BANQUET—The Young Men's Phoenix club is planning to hold a banquet at the Ford hotel on Tuesday evening, November 1, and notices of the gathering will be mailed to the individual members in due time. It is expected that some member of the constitutional convention will be present and address the banqueters relative to the commission form of government or upon so other live topic.

FELL INTO BASEMENT—A workman employed by the Dorris-Heyman company suffered a severe fall yesterday morning, while placing new awnings outside the Phoenix National Bank, but miraculously escaped without any injury more serious than a few bruises. He was standing on a window ledge on the east side when he lost his balance and fell to the bottom of the basement, fully fifteen feet below him. Those who saw him fall thought he must certainly be killed and were surprised when he walked up the steps as good as new.

NEW MILL RUNNING—The new ten-stamp mill recently erected on the Philips property on Cave creek, now being operated by W. A. Bondurant as the Lucia Mining company, was started a few days ago and is reported to be running satisfactorily. The small Huntington mill which was used previously is now supplanted but it did enough good work to satisfy the owners that the property is all right and to encourage their construction of the new mill, which is said to be as fine one as can be found anywhere. Mr. Champlin is in charge of milling operations.

ASSAULT CHARGE—A charge of aggravated assault was yesterday placed against Jacob Carr, the Yuma Indian boy who came so near killing John Osif Nolan, a fellow pupil, at the Indian school Tuesday evening. When Carr will be arraigned is uncertain, but it will not be until Nolan has recovered from his injuries sufficiently to allow his appearance in court. In the meantime Carr will be held in the county jail. The rocks with which Carr struck Nolan were brought from the Indian school as exhibits. The one with which Nolan's skull was crushed in is a petrified stone about the size and shape of an egg. The other, which hit the Pima in the back is larger and longer.

TRINITY CHURCH—Services will be held tomorrow, twenty-third Sunday after Trinity in Trinity church, South Second avenue facing the court house, the Rev. Bertrand R. Cocks, curate in charge, as follows: Kindergarten and Sunday school at 10 o'clock; Morning prayer at 11 o'clock, with sermon by the Rev. J. Mills Kendrick, Bishop of New Mexico. At the latter service, the following musical numbers will be given by the quartet choir under direction of Mrs. Defty: Organ voluntary, Prayer, Lemmens; Offertory solo, Mr. John Armstrong, aria, "Lead Me, Oh Lord," from Moliere's oratorio of Abraham.

RETURNED TO INDUSTRIAL SCHOOL—W. H. Lee, who has served two terms as a teacher in the territorial industrial school at Benson, but who has been back in Phoenix for some time, has been "recaptured" and on Monday will be sent back under an indeterminate sentence. Mr. Lee says that while he has left the school twice he is very willing to go back, for in all his many years of teaching he has found no more appreciative students than the youngsters of the industrial school. Many of them keep up their correspondence with him after they leave the school and many of them are found to be particularly bright and responsive to their instruction. Mr. Lee is regarded as a capable educator and has a faculty for commanding the respect of those whom he instructs, which is a large part of the battle.

SURVEY APPROVED—Mineral Survey No. 2739, Nightingale, Georgia, Dewey, Princess, Equity, Stone Cabin, Anacanda, Morning Star, 50 Per 100, Copper Hill No. 1, Jim Crow, Denver, Mask, Totem, Montezuma, Ironmaster, El Plomo, Copper Carbonate, Sampson, Danube, Boston Beauty, Wild Hog, Copper Beauty, Aztec, House, 40 Per 100 No. 2, Copper Hill No. 2, Schley No. 2, Iron Clad, Idol, Toilet, Drainsnough, Lead Carbonate, Mountain Dew, Azurite, Copper Price, Boston Boy, Gifford, Copper Butte, House Extension, Copper Hill, Oxide, Copper Girl, East Extension, Portland, Iron and Ventura Lode Mining Claims, situated in the Silver Bell Mining District, Pima county, Arizona, and claimed by the Oxide Copper company, has been approved by the Surveyor-General.

VICENTE IS THRIFTY—Vicente Almanarez has no compunctions of conscience in selling liquor to Indians, providing he gets a reasonable profit. On the 24th day of Buffalo Bill in the month of October, he consummated a deal with one Tom Smith that will doubtless give him a wide margin before he hears the last of it, the said Smith being a lineal descendant of the first families of the Pima villages on one side of the house and royal Maricopa extraction on the other. Vicente bought three bottles of wine for 75 cents and sold them to Thomas for 85 cents, a piece of pie and a cup of coffee and most likely will eventually have added to his profits a period of free entertainment in the territorial prison. Before Commissioner Johnstone yesterday Smith recited the details of the transaction and said it was no unusual event and ought not to attract especial notice for he had been getting his supply of family liquors from Vicente right along. Vicente was held under a bond of \$300, which amount he did not have with him at the time.

MARRIAGE LICENSE—A marriage license has been issued to Bernard H. Dodd and Jessie Faust of Tempe.

GO TO DENVER—Dr. J. C. Bowman and James Sunderland left last evening on the California Limited for Denver, where they were called on business.

GOES TO LOS ANGELES—E. A. Goodrich of the Southwestern Realty company left last evening on the "California" of the Southern Pacific for Los Angeles.

ON "THE PHOENIX"—Among other passengers last evening for Los Angeles on "The Phoenix" of the Santa Fe were Ned Creighton, J. H. Stumpff, J. B. Lippincott and Paul Tice.

DEATH OF MRS. WIMBERLY—Mrs. Anna Lillian Wimberly, wife of J. W. Wimberly, died yesterday at her residence, 233 East McKinley street. The funeral, the arrangements for which have not yet been made will take place from Moore & McLeellan's. Mr. and Mrs. Wimberly came here from El Paso about six months ago.

A RETURNED MEMBER—Hon. William Morgan, member of the constitutional convention from Navajo county, who was called away by business soon after the assembling of the convention, returned yesterday. Mr. Morgan returned engaged in superintending the shipment of his sheep and was detained much longer than he expected to be by a delay in securing cars.

HALLOWEEN SOCIAL—The mothers' circle of the West End school will hold a Halloween social in the school room on Monday, October 31, at 7:30 p. m. A short program will be given and the latter part of the evening will be devoted to games for the children. Refreshments will be served and home cooked food will be on sale during the evening. A cordial invitation is extended to all.

GOT SOME DUCKS—George Lewis, John Charles and Harry Peirce went down to the junction of the Agua Fria and the Salt early yesterday morning in quest of ducks. They reported upon their return that the ducks were so plentiful that it was a shame to kill them. Their friends say that by actual count they brought down forty-seven birds, but from appearances when they arrived in town, they must have disposed of the greater part of them before reaching the city.

NO TRIOS NECESSARY—Contrary to a published report that the low rate established by the Santa Fe and the Southern Pacific on tickets from Los Angeles to Phoenix during the weeks of the fair would apply only where three tickets were sold at a time, it was announced yesterday from the local railroad offices that the rate is applicable to single tickets. A rate of \$20.40 for the round trip has been established and tickets will be on sale at that rate in Los Angeles on November 5 and 6.

LARGE CHORUS ORGANIZED—The chorus choir of the First Methodist church was organized last night with a fine coterie of singers. A number of the members of the successful choir of last year were present as well as several new singers. The effect of the combined talents was very pleasing indeed and the showing made bodes much interest in this department of the church activities. The chorus will be heard at both services Sunday. Miss Hyde, whose rare soprano voice attracted such favorable comment the past two Sundays, will sing two solos the coming Sabbath and will be permanently in the choir for the winter. At the close of the practice last night the members of the choir were entertained informally at the parsonage as the guests of Rev. and Mrs. Robert S. Fisher.

LONG JAIL SENTENCE—Justice Johnstone yesterday sentenced Julio Garcia to a term of 175 days in the county jail for the robbery of a Chinese store at the corner of Second avenue and Grant street. Julio was accompanied by two other Mexicans whose identity has not been discovered. He could have lightened his own sentence by disclosing it, but insisted that he did not know their names. After conviction the day before he was told that he could make his own sentence longer or shorter as he saw fit by telling the truth. When he came in for sentence he said he was prepared to plead guilty and hoped he would be treated leniently. The court asked him the names of his two pals, but he demurred and took the limit. His own identification was complete. He had been in the store before and left a written list of goods wanted, but at the trial he denied ever having been in the store.

NOTICE TO FARMERS.
Maricopa county must have a creditable agricultural exhibit at the territorial fair. Farmers should enter their products at once if possible. Elliot Evans, superintendent of the agricultural department, will be glad to care for exhibits, no matter when they are turned over to him. Enter what you have, that Maricopa may make at least as good a showing as other counties whose agricultural resources are not so great. 11-n
